THE GASTONIA DAILY GAZETTE

Offers the merchants and business firms of Gastonia and Gaston County the most effective and economical medium through which they can present to all the people of the county their wares and services.

The Gazette's worth as an advertising medium has been thoroughly proven by many of our regular and consistent advertisers who have depended upon it year in and year out for many years to build up their volume of business and enable them to keep pace with the growth and progress of the county.

Established as a weekly in 1880, and published as a daily since 1919, The Gazette has become a household necessity in a large proportion of the homes of all classes of people in all parts of Gaston County, and has endeavored to merit the continued confidence of its growing circle of readers by giving them the best possible coverage of city, county, State and world news, together with attractive feature services and interesting editorial comment.

INTRODUCTION

HILL DIRECTORY CO., Inc., publishers of Southeastern Directories, present to subscribers and the general public, this, the 1934 edition of the Gastonia City Directory. This is the first Hill Directory of Gastonia, and is completely standardized according to the policies and practices of the Association of North American Directory Publishers.

Confidence in the growth of Gastonia's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Gastonia to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Gastonia Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:—

THE BUYERS' GUIDE, pages 25 to 48, printed on tinted paper, contains the advertisements of leading manufacturing, business and professional interests of Gastonia. The advertisements are indexed under headings descriptive of the business represented. This is reference advertising at its best, and merits a survey by all buyers eager to familiarize themselves with sources of supply. In a progressive community like Gastonia, the necessity of having this kind of information immediately available, is obvious. General appreciation of this fact is evidenced by the many reference users of this City Directory service.

THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is included in pages 49 to 370. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Gastonia, and the name, official personnel, nature and address of each firm and corporation in the city.

THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE, covers pages 373 to 432. In this section the names of the streets are arranged in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 433 to 478. This department lists the names of all

business and professional concerns in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable catalog of the numerous interests of the community. The Directory is the common intermediary between buyer and seller. As such it plays an important part in the daily activities of the commercial and professional world. More buyers and sellers meet through the Classified Business Directory than through any other medium.

Municipal Publicity

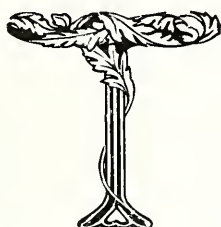

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Gastonia.

The Gastonia Directory Library

Through the courtesy of the publishers of the Gastonia City Directory, a Directory Library was recently established in the offices of the Gastonia Chamber of Commerce, for free reference by the general public. This is one of nearly 450 Directory Libraries installed in the chief cities of the U. S. and Canada by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

Churches—29, representing 12 denominations.

Industry—Chief industry of city and surrounding territory: Manufacturing. 82 manufacturing establishments, employing 5,500 men and 6,200 women, and paying wages of \$7,000,000 annually (Greater Gastonia survey, 1933). Principal manufactured products: Cotton yarns, tire fabric, sewing thread, labels, rugs, upholstery, textile machinery, mattresses, rayons and silks.

Trade Area—Retail area has radius of 25 miles, and population of 200,000; wholesale area, radius of 75 miles, and population of 1,341,000.

Newspapers—1 daily.

Hotels—4, with total of 233 rooms.

Railroads—3: Southern, Carolina & Northwestern and Piedmont & Northern.

Highways—U. S. 29, 74 and 321; State 16 and 20.

Amusements—Largest auditorium in city seats 1,654 persons. 3 moving-picture theatres, with total seating capacity of 2,000 persons. 2 golf courses.

Hospitals—4, with total of 270 beds.

Education—8 public schools, including 1 high. Number of pupils in public schools, 5,642; teachers, 134. Value of public school property, \$1,500,000.

Public Libraries—1, with 8,000 volumes.

City Statistics—Total street mileage, 54.43, with 25.43 miles paved. Miles of gas mains, 42; sewers, 46.19; electric street railway, 4. Number of water meters, 2,721; light meters, 2,622; gas meters, 848. Capacity of water works, 4,500,000 gallons; daily average pump, 1,300,000 gallons; miles of mains, 67.71; value of plant, \$1,060,945.55. Fire department has 16 men, with 2 stations and 4 pieces of motor equipment. Value of fire department property, \$44,595. Police department has 18 men, with 1 station and 4 pieces of motor equipment.

Gastonia, a City of Humming Industry

Gastonia, incorporated in 1876, and known as "The South's City of Spindles," is the capital of Gaston County, "The Combed Cotton Yarn Manufacturing Center of America."

These sobriquets are not fanciful and fictitious, but founded on facts. With 44 cotton textile plants in which 600,000 spindles hum daily, Greater Gastonia is, in fact, the premier municipality in the South as regards spindles. By the same token, Gaston County, with 106 textile mills, mostly making yarns, produces approximately 80 per cent of all the fine combed cotton yarns manufactured in the U. S.

Gaston's History a Romance

Romance is woven into the warp and woof of Gaston County's history. Heralded far and wide scarcely more than a generation ago as the banner whiskey manufacturing

The Heart of Growing Gastonia's Business District

county of the Carolinas, it has been transformed within the memory of middle-aged men into a cotton textile manufacturing center that has challenged the attention of the world.

Today, instead of the 48 distilleries of forty years ago, we find 106 textile plants, the largest number in any county in the U. S. Gaston County ranks third in the nation in the number of producing spindles and sets the pace for the world in the making of fine combed cotton yarns. It was a pioneer in the state in the enactment of dry laws, and in the building of good roads, good schools and good churches.

Gastonia, a cross roads village fifty years ago, has become one of the important industrial cities of the New South. The 1930 U. S. Census gave Gastonia a population of 17,093, and Greater Gastonia, 28,250.

Favored by nature in location and climate, Gastonia is a city of humming industry.

**Largest Tire Fabric Plant Under One Roof in the World,
Located in Gastonia**

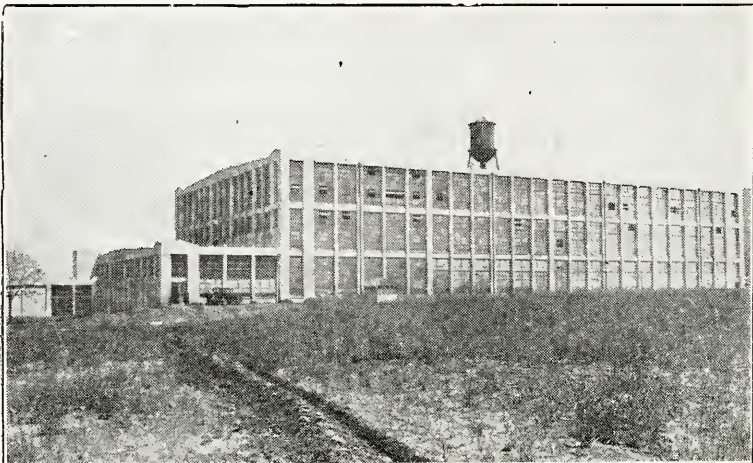

This transformation, constituting, as it does, one of the thrilling romances of industry, was wrought almost entirely by native sons of Gaston. Men of vision, native to the soil, swept the old order from the path of progress, and builded here the foundation of a great industry in the South.

Industrial Supremacy

Textile manufacturing is the basic industry of this community. Gastonia has 44 cotton mills and 600,000 spindles, a mill capitalization of more than \$16,000,000 and an average daily payroll of about \$20,000.

A wide variety of textile products is produced in the city and county, including tire, fabric, sewing thread, gingham, flanneling, sheeting, damasks, rayons, silks, hosiery, mattresses, labels, rugs, etc.

Successful operation of the textile industry in Gastonia and Gaston County has never been hampered except in periods of world-wide depression that have finally affected this center. Even in such periods of economic depression, this city has been among the first to show a healthy reaction toward normalcy. This indicates local conditions, insuring the success of well-managed new industries of similar type.

One of Gaston County's Modern Combed Cotton Yarn Plants

**Gastonia's Magnificent New City Hall, Erected at
a Cost of \$300,000**

While the textile industry predominates, there is a growing tendency toward diversification. Industries and products in Gastonia include: Machine shops and foundries, wood-working plants, gear factories, leather belting, roller covering shops, comber needling, knotters, textile supplies, novelties, and the largest builders of textile machinery in the South.

Location

Gastonia is on the main double-tracked line of the Southern Railway from New York to New Orleans. The Carolina & Northwestern and the Piedmont & Northern lines also serve the city. The seaboard Air Line traverses the eastern section of the county. Service over the railway lines and by the Southeastern Express Co. is available to the shipper.

North Carolina has spent \$160,000,000 in the past ten years in bringing her highways up to the highest state of excellence. Nine magnificent paved highways radiate from Gastonia in every direction. Complete and convenient bus service, with motor express, over these roads to all points is provided.

**Scene on the Famous Wilkinson Boulevard (N. C.
Highway No. 20) Leading East from Gastonia,
Sixty Feet Wide, Four Tracks, Carrying the
Heaviest Traffic of Any Highway in
the State of North Carolina**

Among the several highways passing through Gastonia is U. S. Highway No 29, "The Main Street of the South."

Whether for freight or travel, speedy, economical means of transportation are available.

Climate

On an altitude of 825 feet, with a mean annual temperature of 60.2 degrees and an average rainfall of 46 inches, Gastonia enjoys the famous Piedmont climate, unexcelled anywhere. Temperatures below 20 degrees are very rare, and the growing season lasts 222 days.

Electric Power

Industry cannot thrive without adequate power, and in this respect Gastonia is peculiarly fortunate. In close proximity to the Duke Power Co., with several of its mammoth plants located in Gaston County, ample electric power is available and at low rates. The quality of service available and the economical rates for the use of electricity are highly important factors in the consideration of Gastonia as a place of residence or as a location for a business.

Taxation

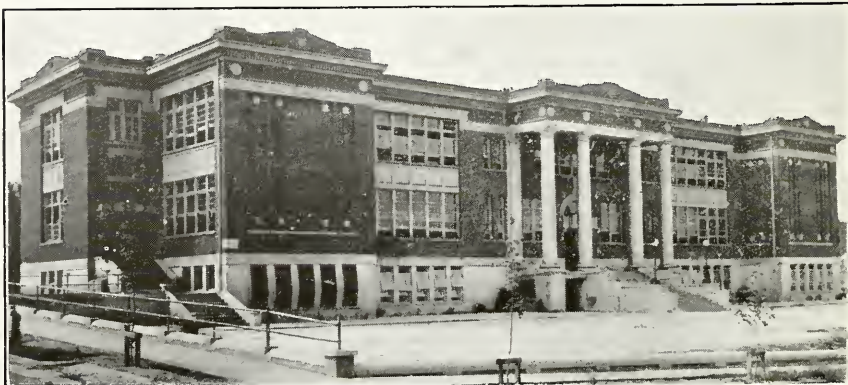

North Carolina has no ad valorem property tax. The city tax rate is \$1.25 and the county rate is 51 cents. In spite of all the conveniences afforded by the local government, by means of economical administration the tax rate for both the city and county has been lowered materially for the past several years.

Investment Opportunities

With its railway and highway advantages, coupled with its strategic location in the very heart of the Piedmont textile industry, dense population, nearness to markets and low production costs, Gastonia is an ideal distribution center for the entire Southern textile territory. More than 6,000,000 people live within a radius of fifty miles from Gastonia.

Leadership in the textile industry, and the reasons for attaining this leadership, make Gastonia a peculiarly favorable location for industries, large or small, that use cotton yarns in any way. The raw product, without freight cost, is immediately available.

Equable climate, transportation facilities, industrious native labor, cheap power, combined with a largely unde-

One of Gastonia's Seven Elementary Schools

Greek College and Orphanage

Monastery Saint Stephanos, the only Greek college and orphanage of its kind in America, is located at the foot of beautiful Crowder's Mountain in a tract of more than 400 woodland acres. Construction on this project was started late in 1931. This institution bids fair to bring to Gaston County students and visitors from every part of the nation.

Churches

Facilities for religious worship are an indication of the moral atmosphere of any community. Gastonia is a church-going city, with 29 churches, representing practically all the well-known denominations, Protestant, Catholic and Jewish.

Hotels

Gastonia has one modern hotel and several smaller hostels, several large apartment houses, and numbers of good private boarding houses.

Theatres

Gastonia has two commodious, well-equipped uptown theatres and another located in the suburbs.

One of the Buildings at the Monastery St. Stephanos, Only Greek College and Orphanage of Its Kind in the U. S.

Civic Clubs

The value of healthy civic clubs is thoroughly appreciated in Gastonia. Strong units of Rotary, Kiwanis, Civitan, and Lions Clubs are rendering valuable service to the city.

The Gastonia Woman's Club has just completed an elegant club building.

All the leading fraternal organizations are represented in Gastonia. Activities of the Masonic bodies center around their recently-completed Masonic Temple, a very attractive structure.

A splendid clubhouse, golf course, swimming pool and tennis courts are among the attractions of the Gastonia Country Club, located one mile east of Gastonia on Wilkinson Boulevard.

In 1931 Gastonia opened a beautiful municipal golf course.

Health

An important factor in the growth of a city is a supply of pure water. Gastonia's water supply is pure. The present water system of the city represents an investment of \$922,-043, and includes a modern filtration plant and a natural reservoir covering 75 acres of land and impounding 250,000,-000 gallons of water.

Both the city and the county maintain a thoroughly efficient health department. Meat, milk, food, and all hotels, restaurants, and other places serving food to the public are rigidly inspected.

Hospitals

Gastonia has two splendid general hospitals for white people and one for Negroes.

It is the site of the North Carolina Orthopaedic Hospital, the only State-owned and State-maintained institution of its kind in the Southern states and one of less than a dozen such institutions in the U. S. It has provisions for inmates of both races.

The county operates a children's home for indigent orphans.

Proximity to Resorts

For the prospective resident, Gastonia is favorably situated in many ways. While it is located in the busy marts of trade, in less than three hours of travel by automobile a Gastonian can be in the incomparable scenery of the Blue Ridge Mountains of western Carolina, "The Land of the Sky." In three hours he can journey easily to the famous Pinehurst

Gastonia's Splendid Public Library

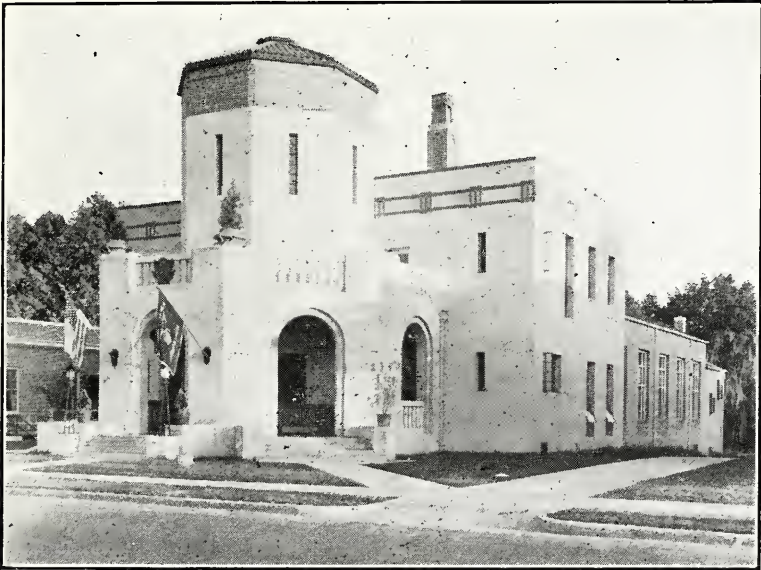

and Southern Pines winter resorts. The far-famed Atlantic beaches can be reached in five to six hours. One night of travel will place him in most of the big Eastern cities.

Public Library

The Gastonia Public Library, now more than twenty-five years old, entered its spacious new home early in 1931. The library building is modern and attractive in every respect, and would be a credit to a city many times the size of Gastonia.

Memorial Hall

Somewhat unique in the South is Memorial Hall, erected by the citizens of Gastonia at a cost of \$75,000 as a memorial to deceased war veterans and for the sole and exclusive use of living veterans of all wars. The building contains a large

**Memorial Hall—Gastonia's Gift to Her Veterans of All Wars—
Dedicated 1930**

fire-proof museum housing many interesting and valuable war relics, a spacious auditorium, library, reading rooms, club rooms, showers, dining room, kitchen, etc. In a material way this splendid building reflects Gastonia's appreciation of our country's defenders.

Kings Mountain

Gastonia is only 20 miles from the historic battleground of Kings Mountain, where, on Oct. 7, 1780, the sturdy mountain pioneers vanquished the British forces under Ferguson and turned the tide of independence in favor of the colonists. This famous battleground is now one of the few national military parks in the country. Gastonia is the natural point from which to visit this historic spot.

Gaston, the County of Opportunity

While Gaston County is generally regarded as an industrial county, the activities of its people run along many other lines.

With an average annual rainfall of 46 inches, fertile soil and a long growing season, Gaston County is a desirable agricultural section. With its dense population affording a ready market for all types of farm products, there has been a wide diversity in the types of farming. Gaston County's population in 1930 was 78,093, an increase of 52 per cent in the past ten years.

Although the trucking industry has been developing rapidly, Gaston still imports thousands of dollars worth of food than can profitably be raised in the county. The city's industrial population challenges the county's farmers to grow food and feed crops.

Dairying and poultry farms have made notable strides in the past few years, but the possible field of development has just begun. Gaston County would be an ideal location for a large creamery plant.

Fruit-growing has become an important item in Gaston County. No finer peaches can be grown anywhere, and an ample market is close at hand.

Cotton and corn are still the major farm products. In 1929 Gaston County produced 19,096 bales of cotton.

Gaston has the distinction of being the fourth pure-bred dairy sire county in the U. S., the first in North Carolina.

A game preserve of 10,000 acres for the preservation of wild animals has recently been established in the county and is now being stocked with various kinds of game. Numerous lakes and streams with large bodies of water offer delightful retreats to fishermen.

The dense population and rapid growth of this section insure a constantly increasing demand for all kinds of farm products. In no line is the field crowded. Further investigation will prove both interesting and profitable.

Gaston's Other Towns

Gaston County has the distinction of having the largest number of incorporated towns of any county in the state of North Carolina, all of them centers of varied industrial activities. Below is a list of these towns, with their 1930 Census totals:

Belmont	4,121	Lowell	1,664
Bessemer City	3,739	Dallas	1,489
Cherryville	2,756	Stanley	1,084
Mt. Holly	2,254	McAdenville	914

Cramerton, though not incorporated, is an important industrial town with a population of several thousand.

This brief summary gives only a few of the highlights of the industrial opportunities that exist today in Gastonia and Gaston County. Those desiring to take advantage of the opportunities in this hustling Piedmont city of the New South are invited to write directly to the Chamber of Commerce at Gastonia.

When You Want to Know:

- where a person lives.
- what his occupation is.
- who lives at a certain number on
a street.
- where a street is located.
- the correct spelling of a name.
- the officers of a corporation.
- the partners in a firm.
- the solution to any of scores of prob-
lems that pop up unexpectedly to
annoy and baffle you.
- you can quickly find the answer in
the City Directory.**

TRADE! You like
to patronize those concerns
who are in business to stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quick and other schemers have little use for directory advertising. It lives too long.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

If you are not advertising your business in the Directory, may we explain how and why it will pay you?

FURNITURE**FINE FURNITURE****Does Not Necessarily Cost a Great Deal**

The satisfaction gained from dressing up the home with modern furniture, carefully selected to fit each room, is ample repayment on the installment. Even a few pieces can alter and enhance the present ensemble; odd corners can be dressed up and made comfortably livable.

May we visit your home and suggest at no extra obligation to you?

The City Directory

is the most effective and most economical method of reaching all the people all the time. Those who buy without looking at the list of those who sell do themselves great injustice. The classified lists in the Business Directory form the best Buyers' Guide on earth. A modern, up-to-date method of getting what you want.

HILL'S GASTONIA

Directory of Householders, Occupants of Office Buildings and Other Business Places, Including a Complete Street and Avenue Guide

1934

Copyright, 1934, by Hill Directory Co., Inc.

In the following list the named streets are arranged in alphabetical order, followed by the numbered streets in numerical order, the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable, in apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical list of names.

*** between two intersecting streets designate there are no houses between them.

THROUGH THE
CLASSIFIED BUSINESS LISTS
OF THE
DIRECTORY
THAN
ANY OTHER MEDIUM
ON EARTH

When You Want to Know:

- where a person lives.
- what his occupation is.
- who lives at a certain number on a street.
- where a street is located.
- the correct spelling of a name.
- the officers of a corporation.
- the partners in a firm.
- the solution to any of scores of problems that pop up unexpectedly to annoy and baffle you.
- you can quickly find the answer in the City Directory.

TRADE! You like to patronize those concerns who are in business to stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quick and other schemers have little use for directory advertising. It lives too long.

The modern City Directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

If you are not advertising your business in the Directory, may we explain how and why it will pay you?

THE PUBLISHERS

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use

as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organization and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
